Indians Involved In New Year

Students quickly became involved in the many activities offered at Armijo. The spirit rally was a huge success. "It was the best rally we have ever had," stated pom-pom girl, Kathi Wood. Many students turned out for band, choir, newspaper, and yearbook.

Football games were well attended and the Indian varsity provided a lot of excitement, rapidly winning their first three games.

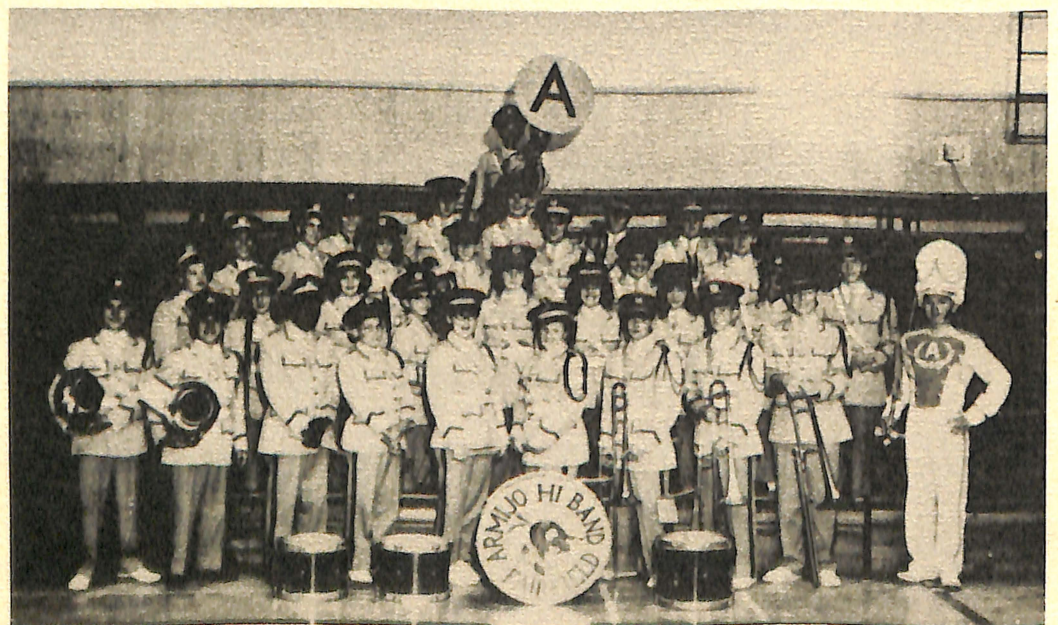

From the Editor:

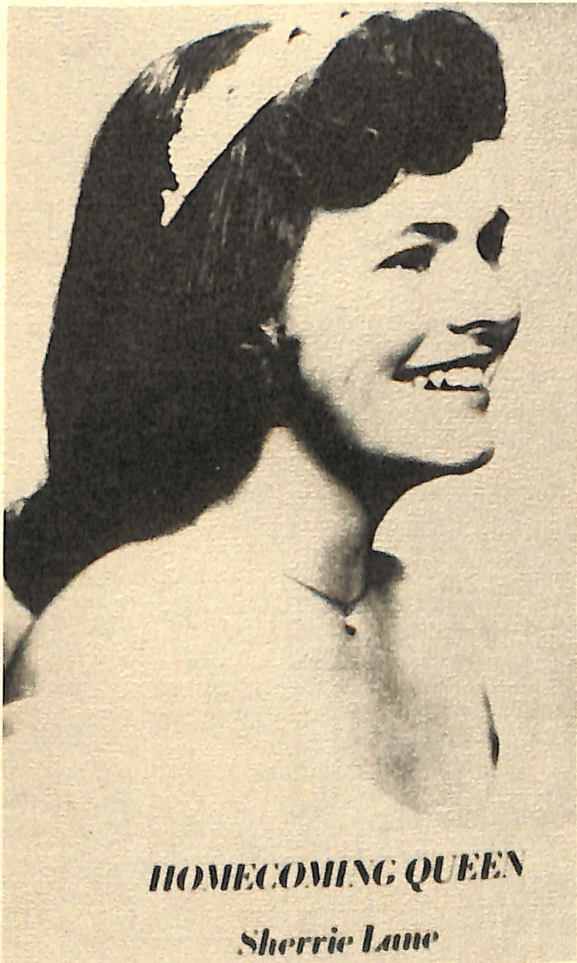

This year's theme for the La Mezcla yearbook is Armijo: Past, Present and Future. As I reflect on the past, live the present and fantasize the future, Armijo always will have a special place in my life. Armijo is never to be forgotten in my memories. As I leave Armijo with the graduating class of 1979. I would like to express my deepest gratitude to all the teachers I have had. You have taught me skills I will keep with me for the future. Also I would like to thank our yearbook advisor, Miss Ash, for giving me this space in the yearbook. I would like to dedicate this year's book to the students of today and tomorrow. Make the best of your high school years. Learn all that you can, but have fun doing it.

Do you remember when Armijo was called Armijo Joint Union High? Do you remember Mr. Sumner? Sherrie Lane? Do you remember when the Armijo Super Band had thirty-two members and was called the Armijo Hi Band? In 1958 Armijo was still located at the "Old Armijo" campus. Were you there when Armijo experienced its "Happy Days?" Armijo has grown from a single room school house with four graduating seniors to a fifty acre campus with a 1978 graduating class of 340.

School Is More Than Homework

Armijo Joint Union High

Named after landowner, Jose Francisco Armijo, the high school started with one room and one teacher, on September 3, 1891. In 1893 Armijo moved to the corner of Union and West Texas, where it

remained for the next seventy years. "Old Armijo" was constructed at the site in 1913. Fire nearly destroyed the school in 1919, but Armijo was rebuilt better than ever with a new gym and shop building. Outgrowing

the Union Avenue campus Armijo moved to its present location in 1962. The beautiful fifty acre campus combines the modern with the traditional.

A Time for Tradition

A new tradition that began this year at Armijo was the Class Rally. By winning various competitions between the classes each class is awarded points. The class with the most points at the end of the year is presented the Spirit Trophy.

This trophy symbolizes pride and spirit. The class that wins the trophy is then given an opportunity to show this spirit by giving the Class Rally.

This year the Class of '79 put on the first Class Rally with the help of the Pom-pons and Cheerleaders. It was a great event that should prove to be an even greater tradition.

The Armijo Superband has a new band director,² Luis Gonzalez, who took over the position from Mr. Ray Lindsey.

"Teaching at Armijo has been a "real" experience," he said. "The main challenge is to develop pride and interest in whatever the students do. We are a young group, but have worked hard towards a successful season. In Cupertino, we proved that winning the sweepstakes was a matter of concentration and hard work.

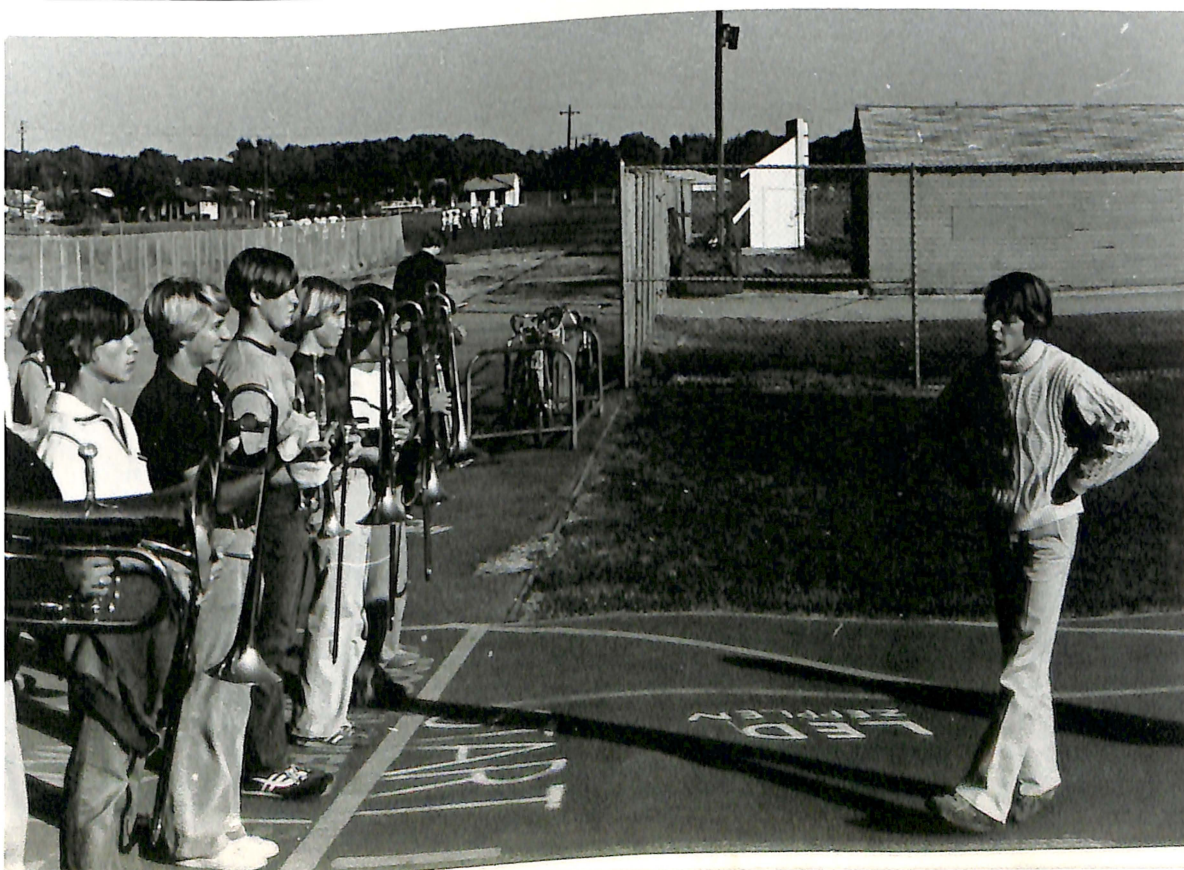

Looking toward the future, I see the Armijo band developing into a well rounded program, providing excellence in marching, concert and Jazz."

A Time for Coronation

The month of October ended with the annual Football Homecoming festivities. Fran Campaneale, 1978 Homecoming Queen, returned to crown her successor, Leslie Crossley.

For the past four years Leslie has been an active participant in school activities like the Pep Squad. Her other interests include the study of the Martial Arts.

Leslie was chosen for the honor out of six candidates. They were: Colette Flint, Monica Florez, Amelia Gehring, Sandra Ritchey, and Bobbi Sykes. At the Homecoming Dance Leslie graciously presided, as all of the students danced to the music of Wingfoot.

The Drama of Life

The stage is set
Curtain goes up
And now the performance
begins . . .

Slowly at first
Without real direction,
Then settles into a
Well planned path,

But as time
Goes on the path
becomes complicated,
intertwining with many
others.

Still . . . time passes,
And your pace quickens,
And it seems as though
You're moving through it
All too fast,

And so you try to slow
Down
To be more aware of
Your surroundings.

You try to look
Ahead,
To find your path's
destination,
But only to find a
hazy outline is
Visible.

So as usual you
Must move through one
Day at a time,
Learning what you can,
And becoming wiser
As you travel.

Sadie Hawkins

On November 23, 1978 the girls got a chance to grab that one special guy at the Annual Sadie Hawkins Day Dance.

The event was, as usual a great success.

Armijo Candids

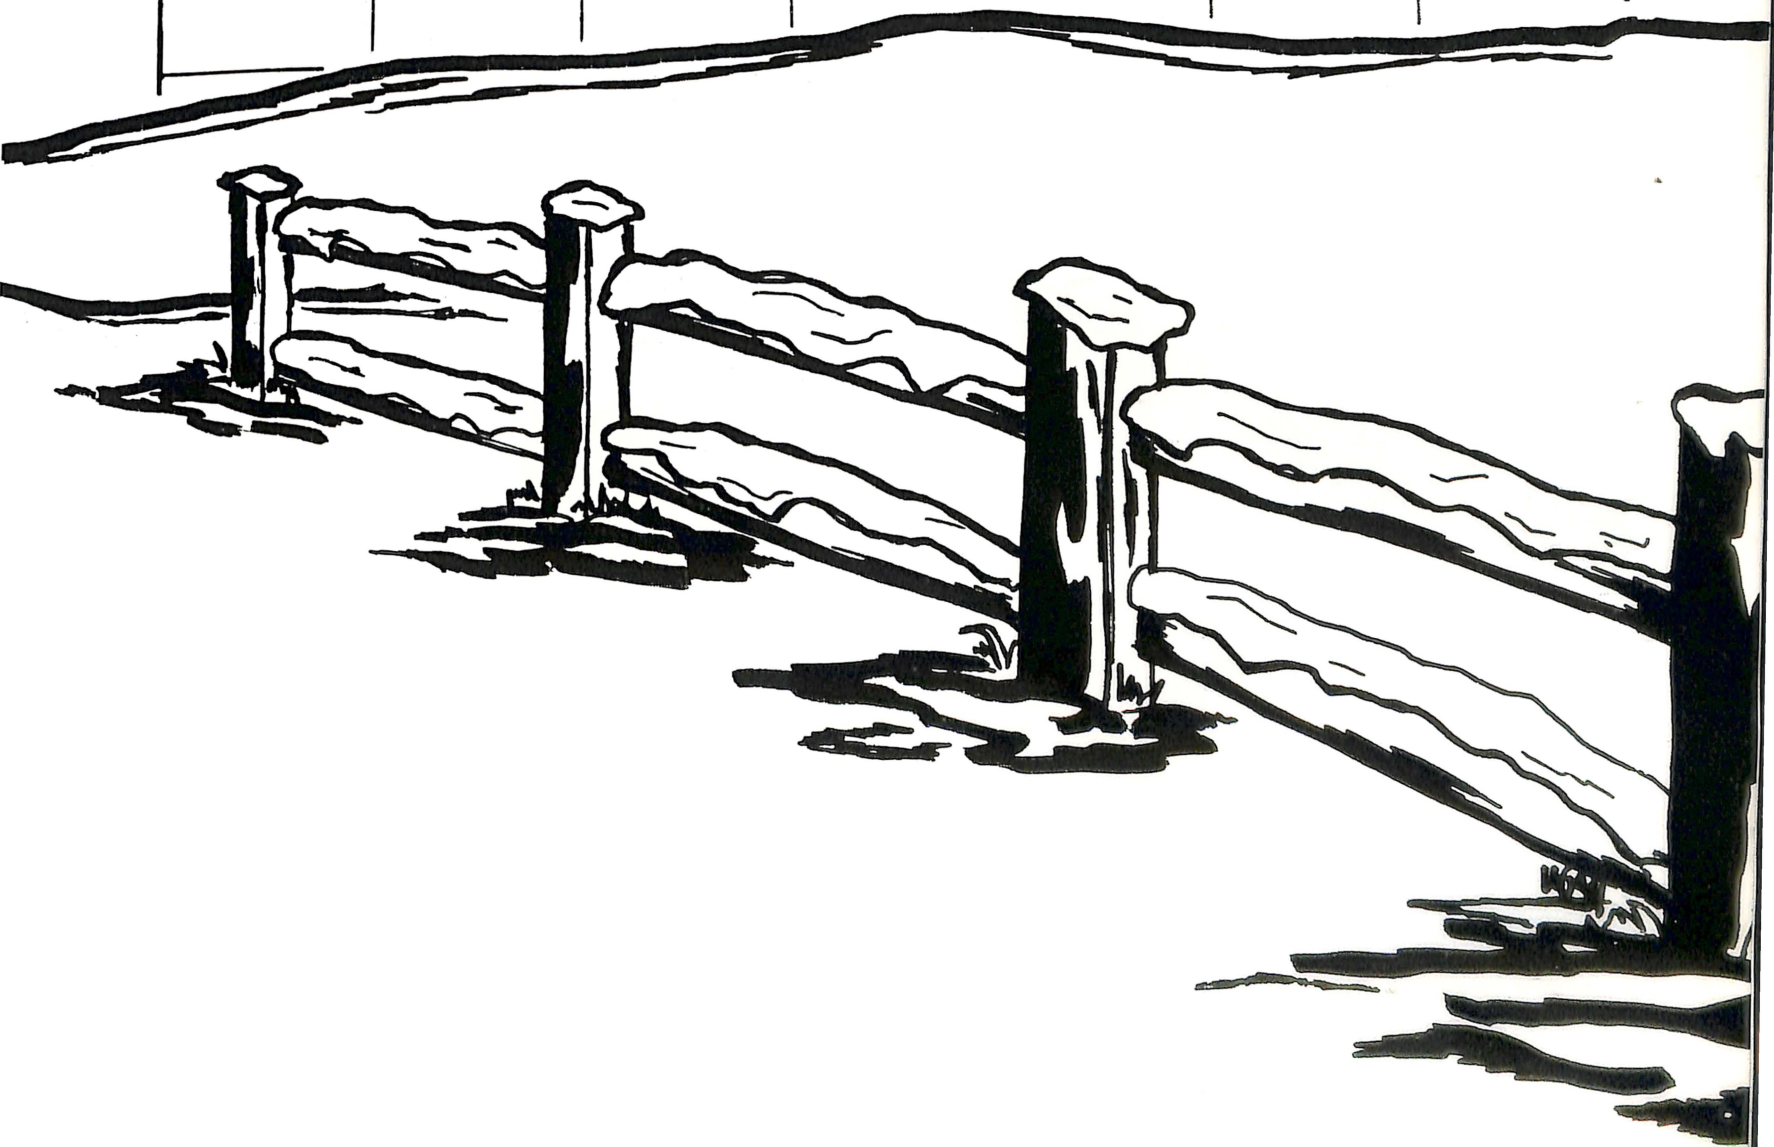

WHEN you have waked, and seen the
glistening snow. That wraps the valley
and the mountains crest. And sinking,
lifting, sailed your Everest, When,
soaring cross a ridge, your skis
descend. You've sliced and check-
ed through powder midst the trees
And landed in the dell on flying
skis. You'll know that with no man
need you contend, and you have
heard the mountains
Sing, my friend.

Spirit at Armijo increased dramatically as the year went on. Part of the acclivity can be attributed to Pep Squad advisor, Nancy Giovannetti.

Administration, faculty and over half of the Student Body attended rallies regularly.

The Pep Squad did an excellent job in organizing and performing in some of the best rallies that Armijo has ever had.

Even celebrities attend Armijo rallies!

Time

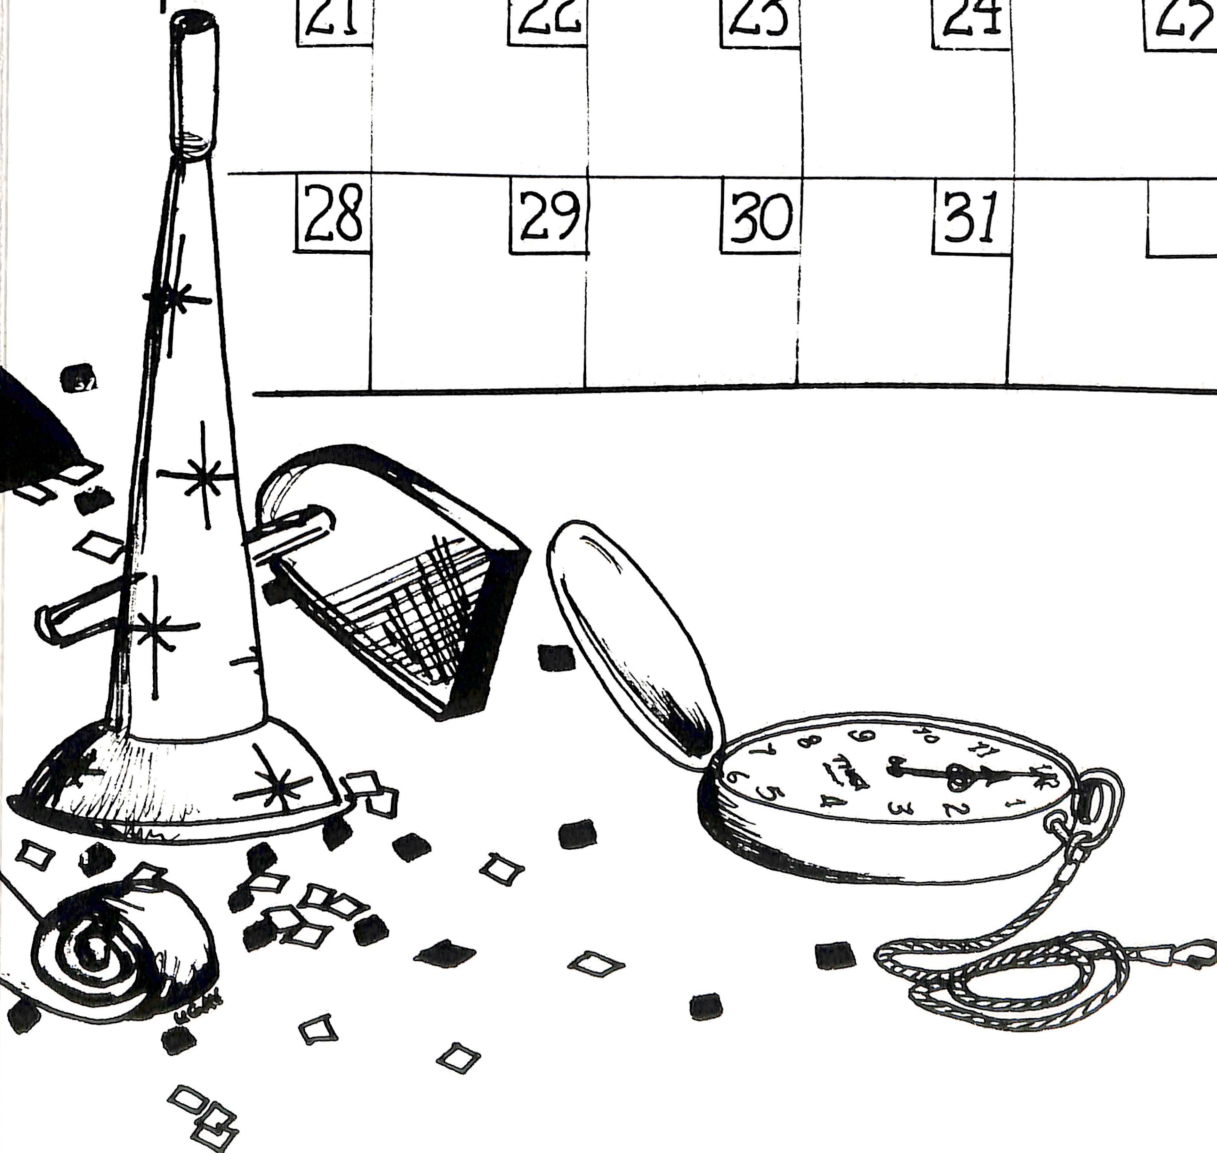

All of our tomorrows soon become
Today which fade into yesterday
So what is time
It comes
It goes
We are all entwined in this mass of time
We live each day as it comes
Not knowing what will be
We arise each morn and open our eyes
To see the sun
It is once again today
For we will be gone another day
Become part of yesterday
Which soon fades into the past
Only to become a memory
To be placed in the back of a mind
Hung in the corners of thought
There will be more tomorrows
More today's
Time itself has been defined
It has come and gone
Only to repeat itself in someone else's
Today!

Schussing Down The Slopes

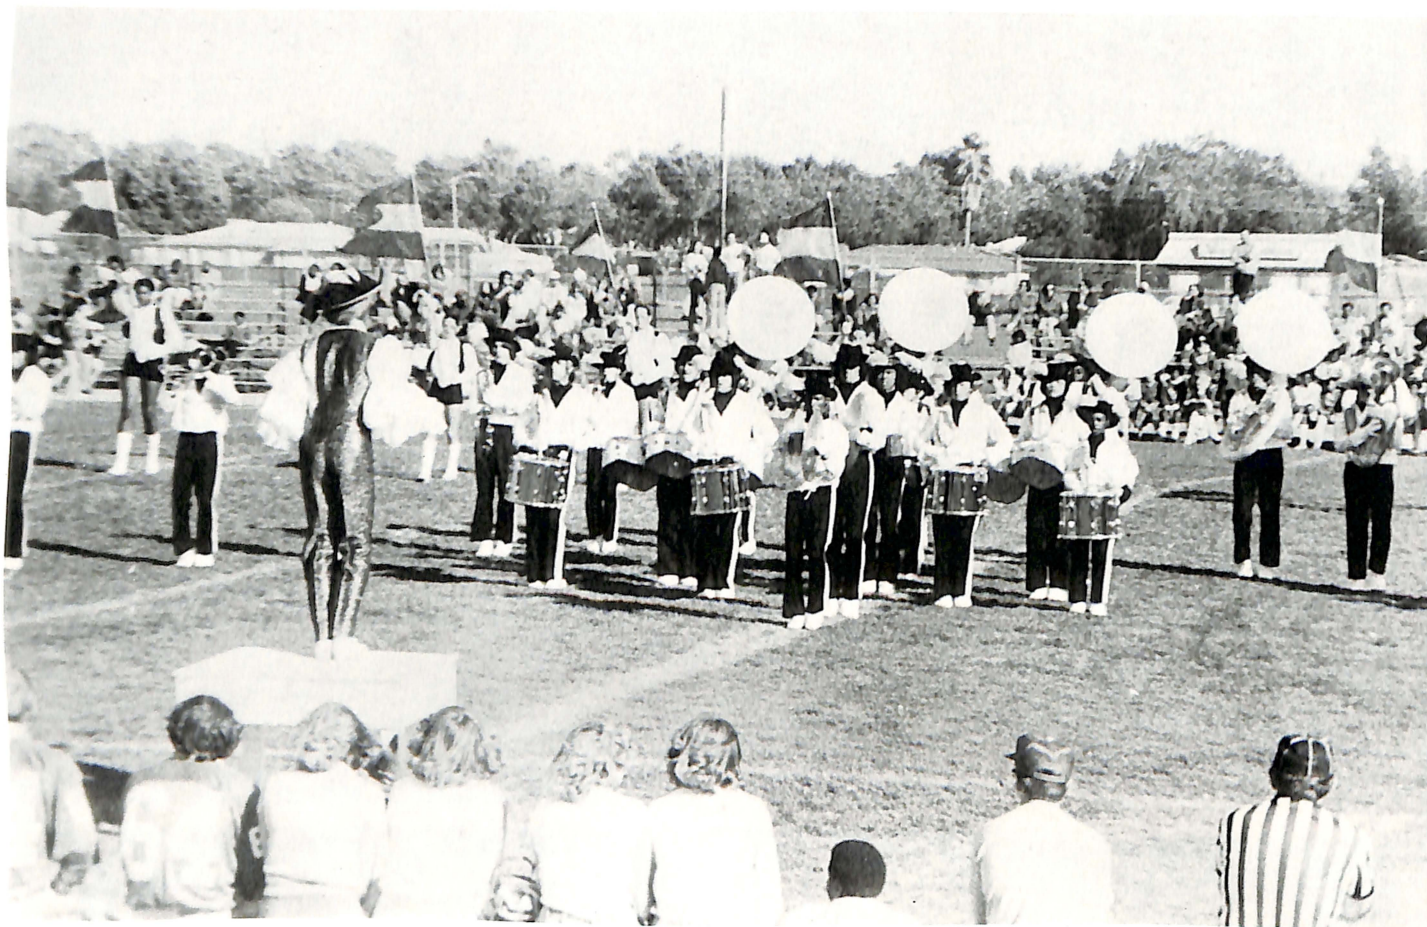

Armijo's Ski Club, advised by Ms. Trudy Nye, enjoyed many trips to the snow. The Ski Club traveled to Boreal and the Sierra Ski Ranch. Several trips included students from Fairfield High as well as faculty members who wanted to enjoy the great skiing this year.

This year's officers include Mike Kent, President, Norman Hull, Vice-President, Dan Sheldon, Treasurer, and Alicia Kent, Secretary.

Jesus Christ Superstar

On March 1st, 2nd, and 3rd of this year a phenomenal event took place in the E. Gary Vaughn Gymnasium. Instead of battling in a basketball game, football game or some other form of "crosstown rivalry", Armijo and Fairfield High Schools combined their talents to perform the production of JESUS CHRIST SUPERSTAR.

The cast contained over 90 members and was almost equally divided between the two high schools. Even the complete rock orchestra contained members from both the Superband and the Scarlet Brigade Marching Band.

Mr. Dave Barthelmess, Choir Director at both high schools, was quite impressed with the co-operation and effort put forth by all of the students. "I'm fascinated and gratified by the appreciation that the students of one school seem to have for the abilities of the students from the other school."

Hopefully this event will become a tradition, and the old "crosstown rivalries" a thing of the past.

Teachers' Views: Past and Present

The following faculty members have been on the staff here at Armijo for more than twenty years, with the exception of Mr. Gary Falati who was a student at Armijo twenty years ago.

Having worked at the same school for so many years these faculty members have seen many changes occur in students attitudes, dress and learning capabilities. The campus has even been relocated within these twenty years.

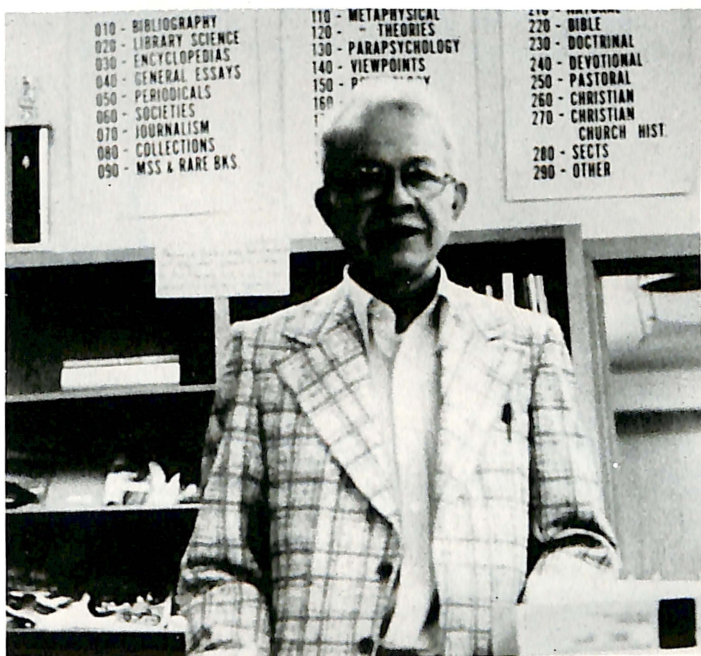

When asked what they felt was the most significant change in Armijo through these twenty years the teachers made the following comments:

1) School Nurse, Mrs. Virginia Arvin feels that todays students have lost their sense of humor and on campus fighting has increased. She would like to see these things changed.

2) Mr. Collier stated that Armijo now has a better faculty, which can respond better to todays students who are "far more superior in personality than over the past twenty years."

3) Mr. Frank La Plante, Armijo's librarian for more than twenty years feels that the faculty accomplished more then than they do today. He also feels that the size of the student body has made a difference, for the worse, in school spirit, along with their attitude for learning.

4) Ms. Rebecca Lum says that the most significant thing that has occurred at Armijo in the past twenty years has been "The achievement of girls' skills in atheletics and also in their academic endeavor."

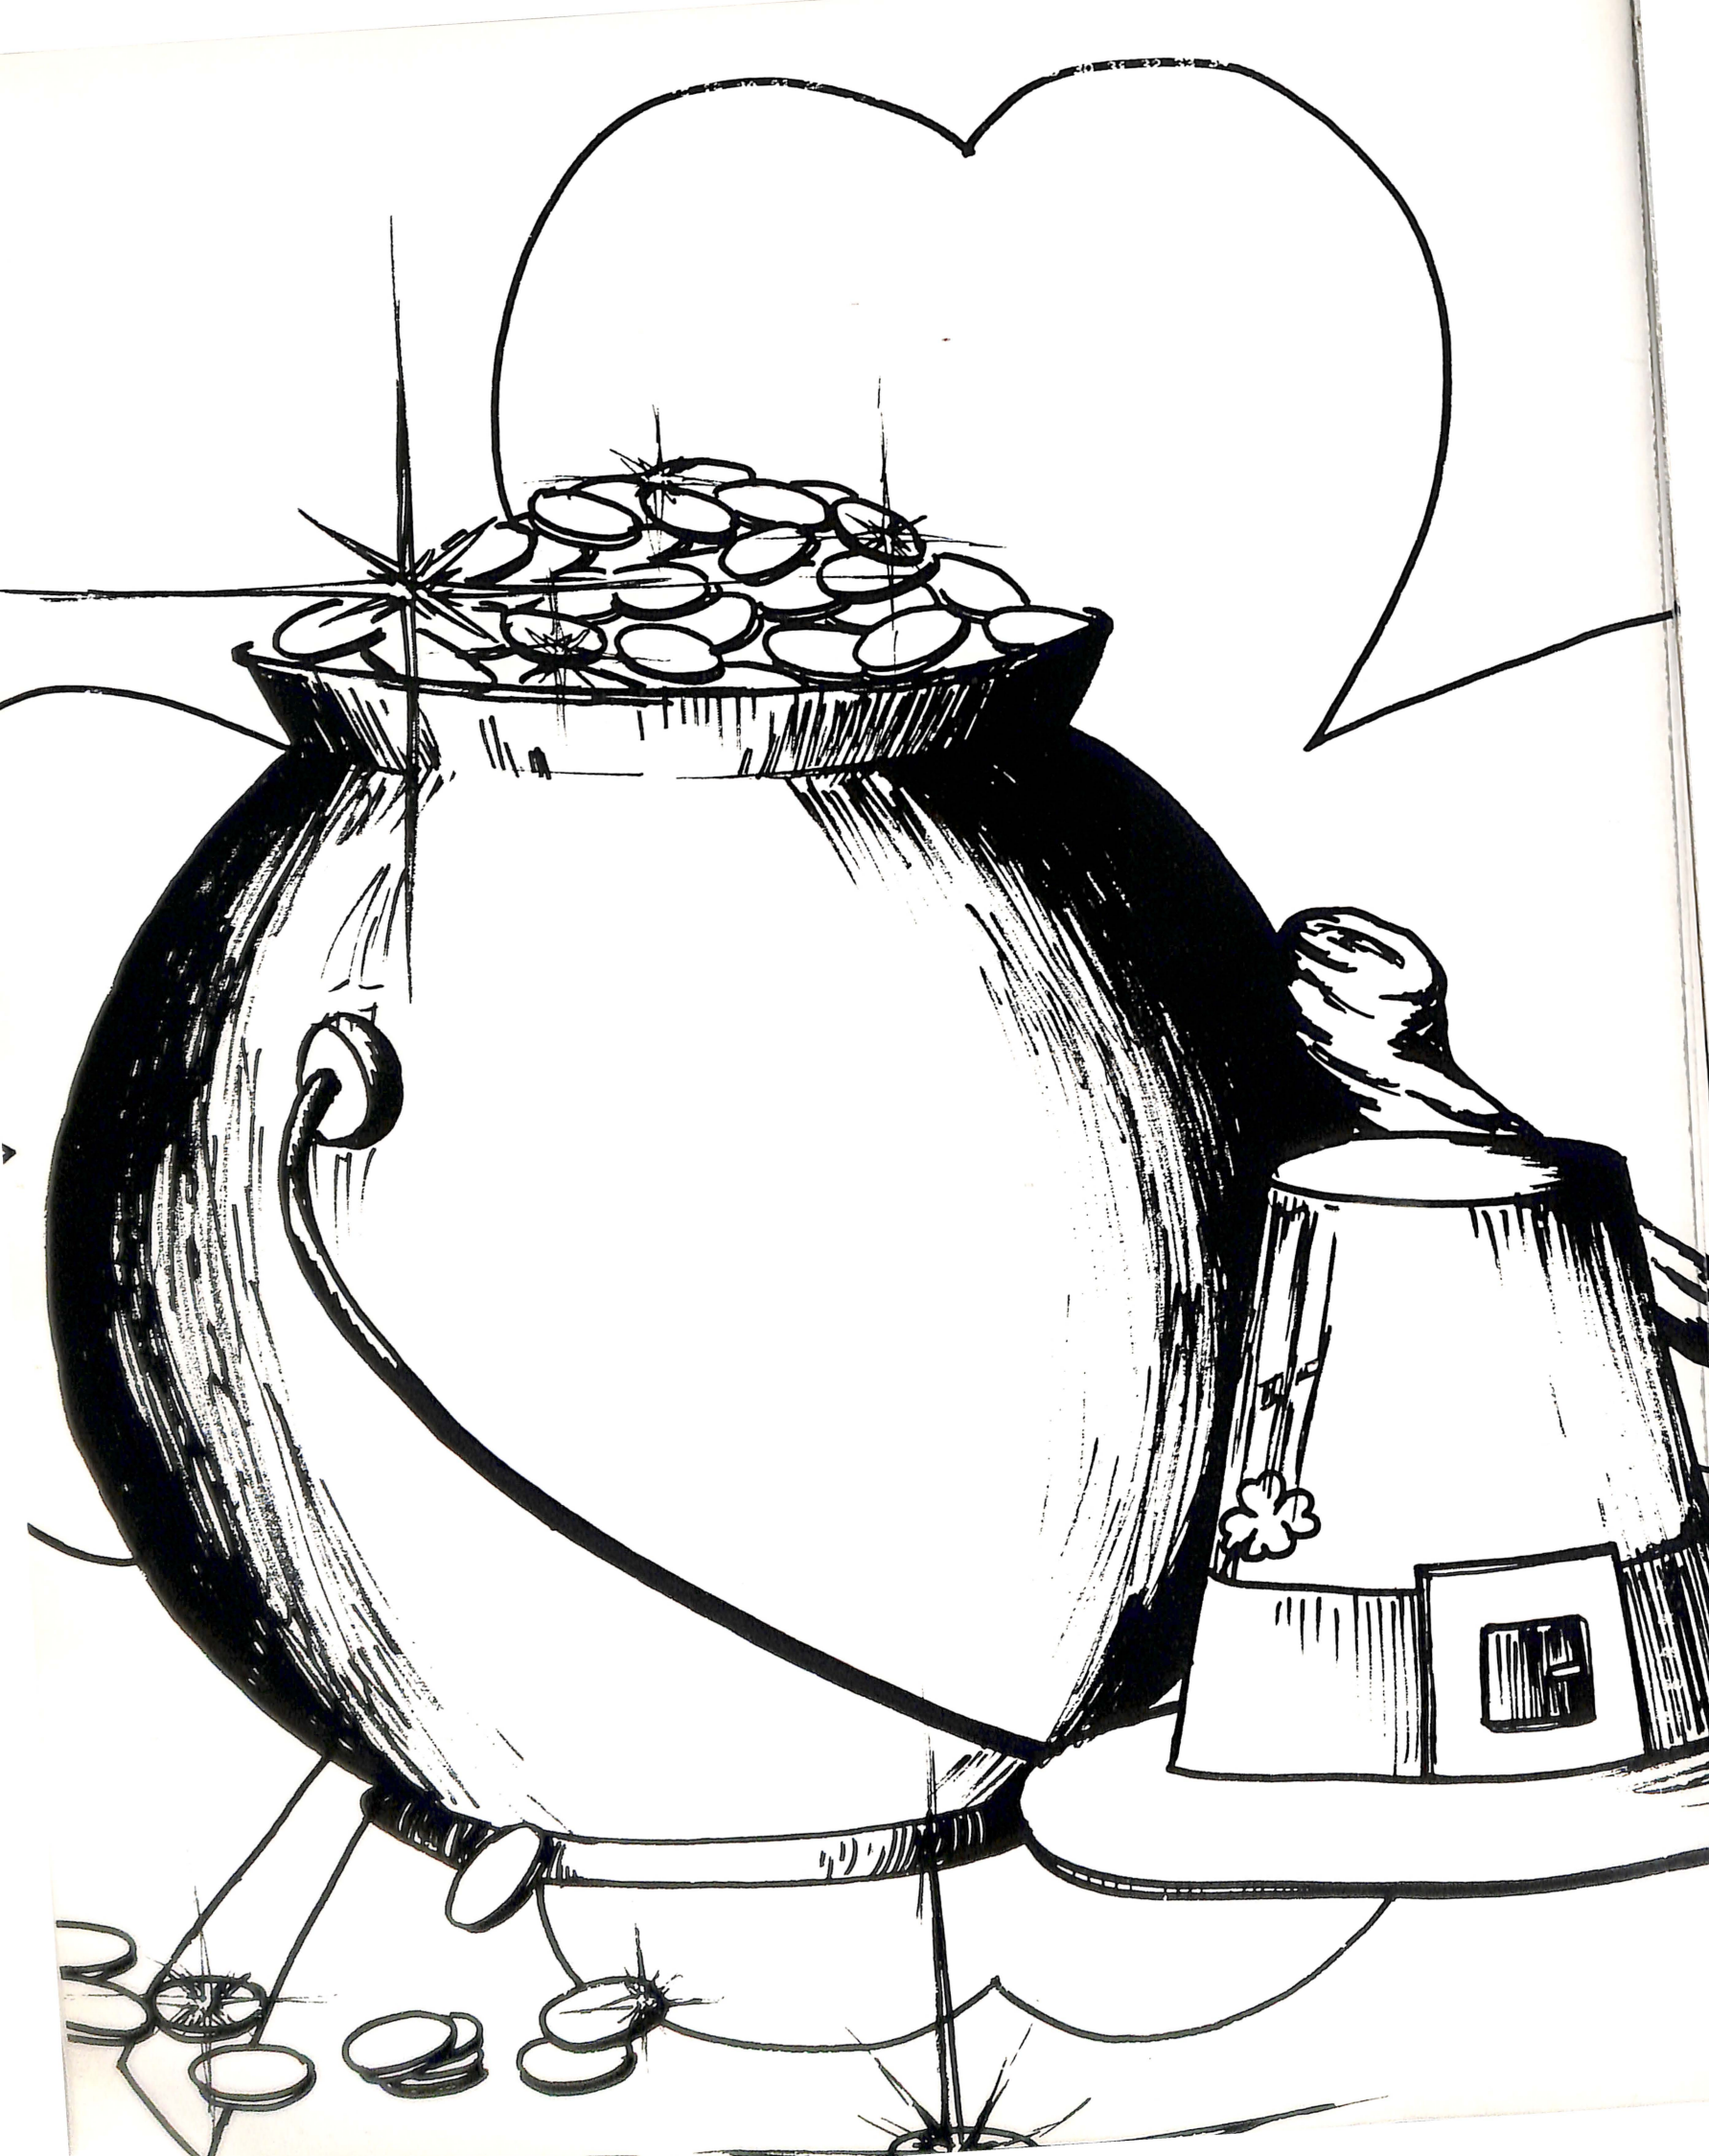

5) Being a student here at Armijo twenty years ago, Mr. Gary Falati has a different view of what the students were like.

"Students back then were more inclined toward future goals. Their priority of values was different, getting a job, even for no School credit, was very important."

"Since the campus was very sports oriented, on weekends the teen-agers usually drove to Sacramento to the bowling alley or the M & M Skateway." Mr. Falati says that the "main cruise" was between Foster Freeze and the Hi-Fi Drive-in on Texas Street. After everyone cruised town and got something to eat, couples would go "park in the valley."

Mr. Falati says that the student body (825 students) was so small that everyone knew everyone. He feels that the student body worked together more and spirit was better. "Our school even won the League Spirit Trophy."

Mr. Falati thinks that Armijo twenty years ago was a great school. Now he feels that it is still a great school with "outstanding young people."

What changes do
you foresee in the
next 20 years?

I think that the students will be interested in learning more and getting more involved in things.

S. Venning

Twenty years from now Fairfield will be a very large community. By 1980 the mall should be in.

Sheila Scroggins

Fairfield will become a big town. It will probably be like Concord is today, maybe bigger.

Lisa Dean

I really like this small county . . . If I can find a job . . . then I will stay here. It will look better, more people will come.

Pham Inoc Khanh

Armijo High School will undergo a number of changes: Buildings which will permit 2500 students, . . . Students scheduled on a split shift that will allow double use of the facilities . . . Students attitude toward academic things will improve.

Mr. Welsh

Future Farmers of America

The Future Farmers of America is composed of students interested in agriculture and animal husbandry. Sponsored by Mrs. Parina, the club members raise farm animals, experiment with plants and compete in the Dixon-May Fair. President Bill McCrary won a place on the National FFA Choir. One of the major projects of this year was the raising of a group of lambs for the Dixon-May Fair.

Because We're Friends

Because we're friends
There is no value that
Can be placed on friendship.
It cannot be measured,
A friendship like ours
Can never be bought with money,
Or even promises to me.
It is a treasure in itself.
I am so thankful for our feelings
Of closeness and personal regard
And respect.
I am glad for the experiences
We've shared, for the times we've
Spent together . . . learning and growing . . .
And sharing what we've learned with the world.
While I don't say this every day, and maybe
That's good, because if I said it every day
It wouldn't mean as much as it does in
Moments like this . . .

I'm glad we're friends.

Reflections

Our life and times have come to pass,
The years have come to go;
The years we've had are memorable ones,
These years at Ar-mi-o.

We entered young in mind and heart,
And struggled each day through;
These days of school have come and gone,
Awaiting those so new.

As time went on our knowledge grew,
And friends we gained and lost;
In our hearts we searched to find,
The goals our minds had tossed.

As school grew near its gracious end,
Our hearts they pounded so
Anxious moments, precious times,
Thoughts that we must go.

We're on our own and free to choose,
The things that we do know;
But remember Class those special years,
These years at Ar-mi-o.

The teachers helped both you and I,
The administrators too;
Let's not forget our parents though
Who were behind us each day through.

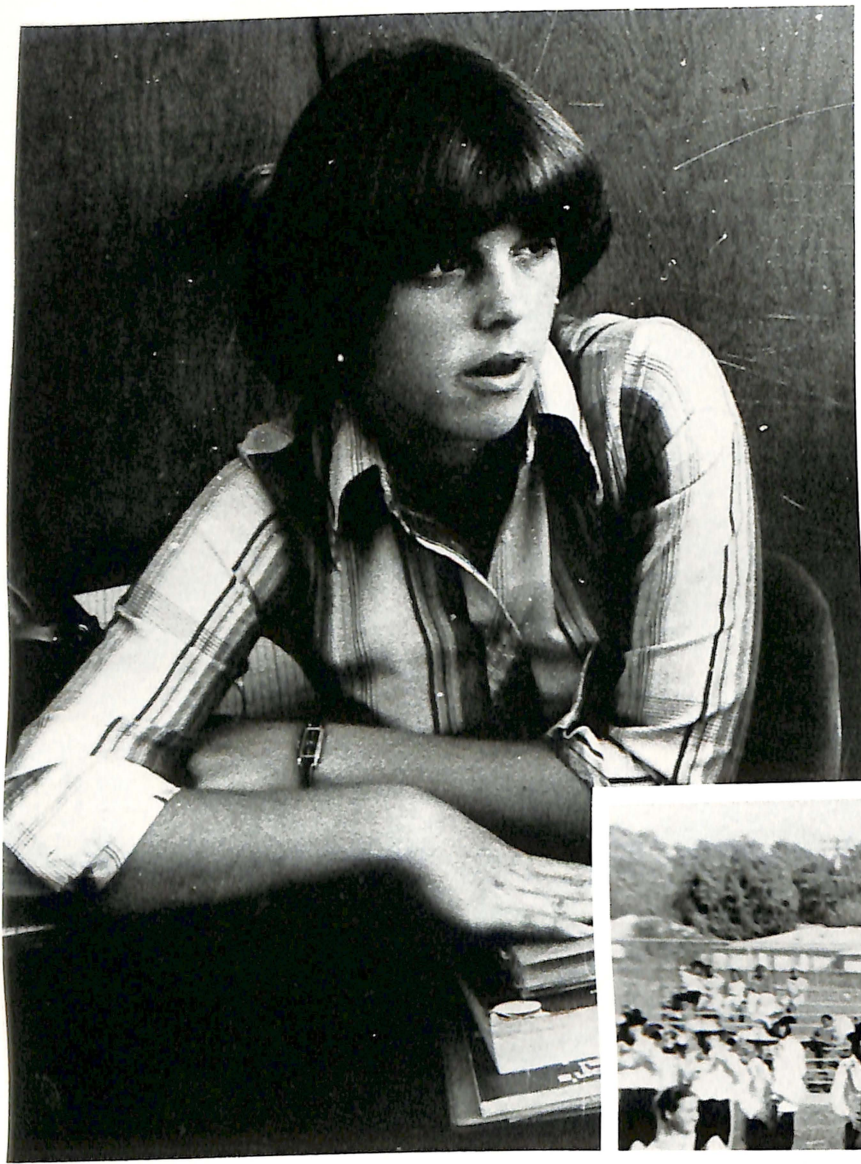

Yes

The time has passed,
The past is gone,
It's time to say good-bye;
The future lies in front of us,
The path for you and I

There may be times we trip or fall or walk a crooked line,
But look out world, cause here we come, the CLASS OF '79.
Steve Dooley

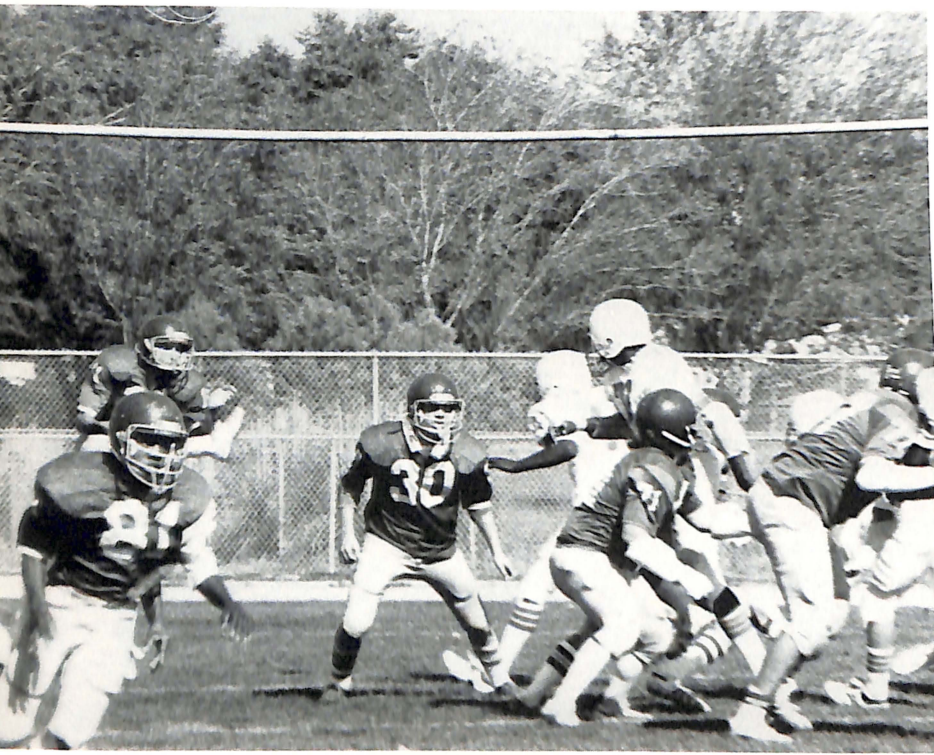

A Time To End

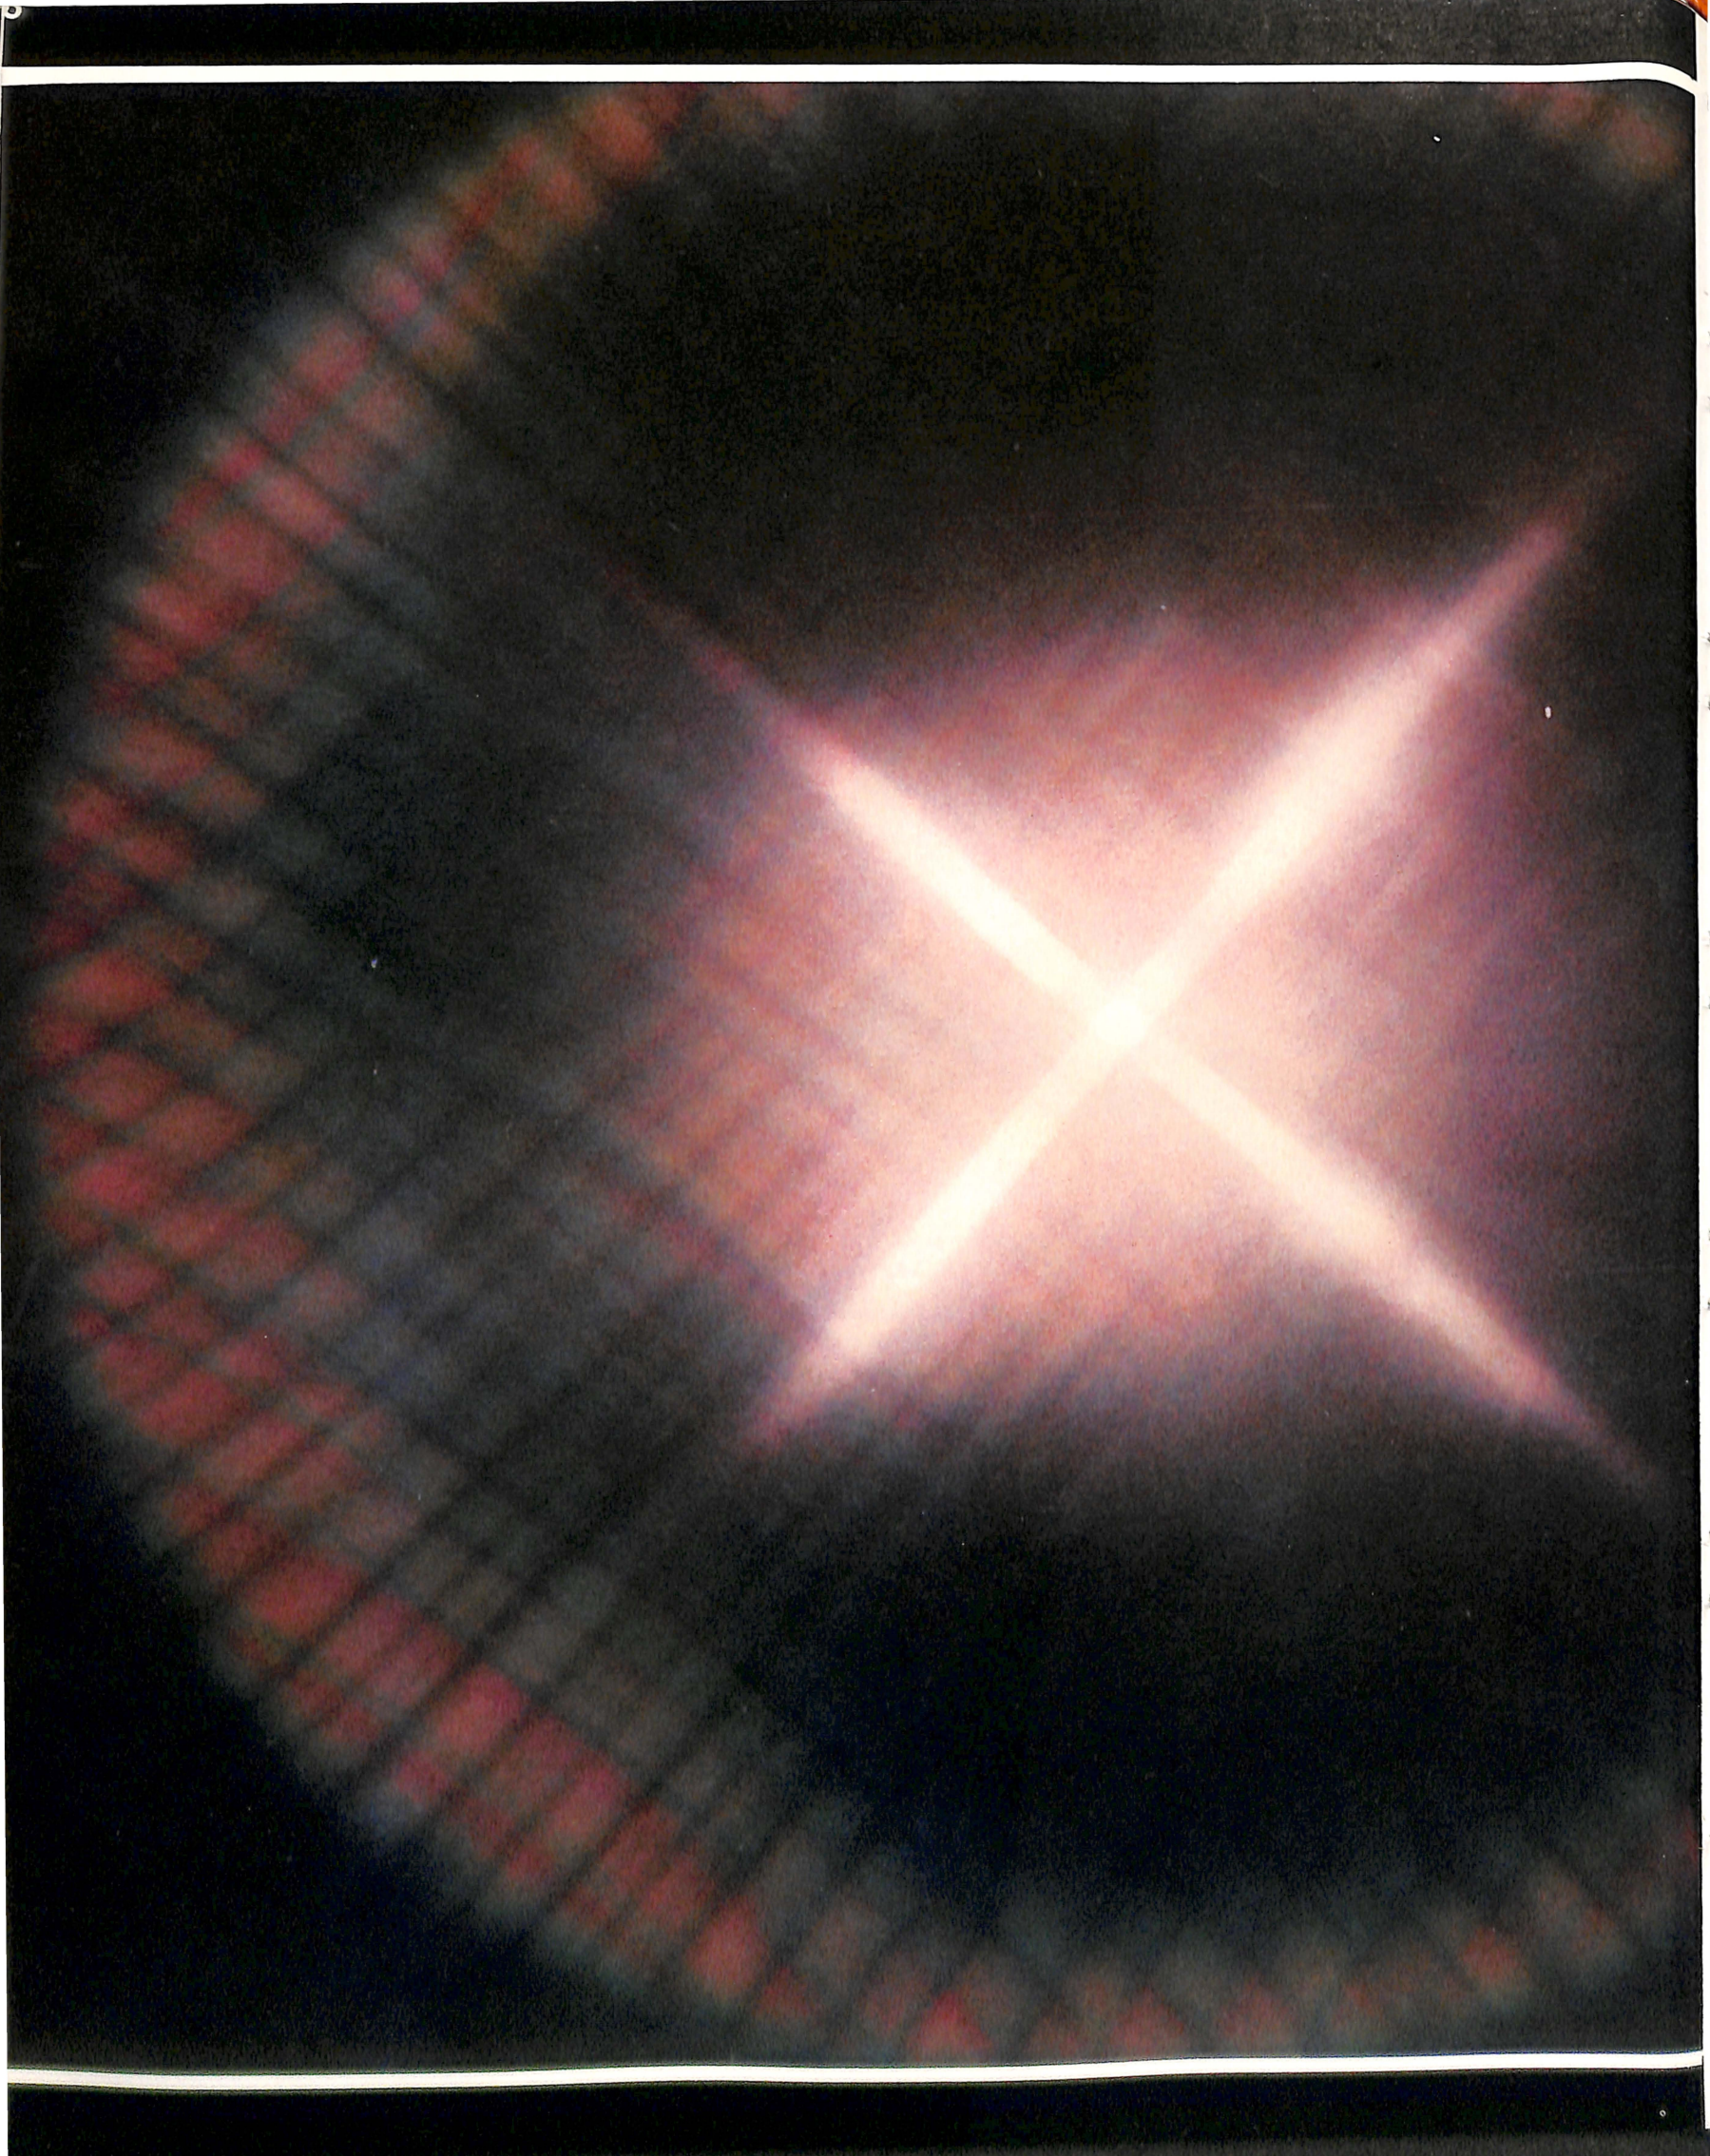

A Time To Reflect

A Time . . .

There is a time for everything:
A time to be born, a time to die;
A time to plant;
A time to harvest;
A time to kill;
A time to heal;
A time to destroy;
A time to rebuild;
A time to cry;
A time to laugh;
A time to grieve;
A time to dance;
A time for scattering stones;
A time for gathering stones;
A time to hug;
A time not to hug;
A time to find;
A time to lose;
A time for keeping;
A time for throwing away;
A time to tear;
A time to repair;
A time to be quiet;
A time to speak up;
A time for loving;
A time for hating;
A time for war;
A time for peace.
